## Welcome to R.T.I. GLOBAL

RTI Global welcomes you and appreciates the fact that you have chosen to visit our Web site.

RTI Global specializes in the exportation of new and used clothing, agricultural products, and cosmetics to countries in East Africa (such as Kenya, Tanzania, and Uganda). We are proud to say that we stand by the excellent quality of our products. We believe in contributing to the success of entrepreneurs and small- to medium-sized businesses in East Africa by providing top quality products for resale at very fair prices. A strong economy will help families to feed, clothe and support themselves. By helping the employers to build their businesses with high quality, inexpensive products, they will be able to improve the economy by hiring employees to assist with their companies' growth. We also want to bridge the gap between North America and Africa by helping to develop the African economy through the importation of high quality North American products.

RTI Global serves as a broker for East African businesses that want to import and sell:

- [New and used clothing \(for men, women, and children\)](#),
- [Cosmetics](#), and
- [New and used agricultural products, equipment and machinery](#).
